

Assessment Types

Central Michigan University Assessment Protocol:

- All Assessments must be Submission-Based

Assignment

- These assessment types are untimed.
- Learners may save their responses as many times as they'd like up to the assessment due date – allowing learners to complete this assessment in multiple sittings.
- Assignments must be multiple choice ONLY for them to be auto graded.
- These assessments are assigned a due date by which the learner is expected to complete the assessment.
- Grading:
 - Standard- Each question is graded based on accuracy
 - Participation- Learners earn participation points for completing the question, whether the answer is correct or not

Engagement

- These assessment types are untimed.
- Learners must make at least 2 posts per Engagement activity to earn full credit for this assessment.
- These posts can either be on the Course Feed or Course Help sections.
 - For example, you can make 1 newsfeed and 1 discussion comment, 2 newsfeed comments, or 2 discussion comments per each engagement activity and receive full credit.
